

HOW TO WORSHIP WITH US REMOTELY

Watch our Sunday Services live from your computer or smartphone:

It's easy! There are two ways to do this:

A. Visit our website - www.thevillagechapel.com - and click on the “Stream Our Services” button under the large photo. From there, simply click on one of the events to start playing. All events are labeled by date so you can choose that morning’s teaching or a previous sermon.

B. On your smartphone or tablet, open **the TVC App** and click the Live Stream button. This will take you to the same page described above. The TVC Mobile App is available in the iTunes Store or Google Play Store.

Watch our Sunday Services live on your TV:

If you already have a TV with either a built-in smart functionality or a plug-in smart device (such as Roku), you may be able to get the free “**LiveStream**” app. Once in the app, go to **Account Search** (rather than Event Search), and search “**The Village Chapel**”, clicking the “Search” button at the bottom once you’ve entered the text. When there’s a current live event from TVC, it should show up in the search results.

You may also be able to view content from your computer screen or smartphone if you have a compatible device. Examples include Chromecast, or AppleTV. The setup for this will vary depending on a variety of factors.

Stay informed & connected:

 Stay tuned to www.thevillagechapel.com for the latest updates and happenings.

 Download **the TVC App** on your smartphone or tablet at www.app.thevillagechapel.com
